Eric Macioszczyk

Full Stack Engineering Manager

Greater Grenoble Metropolitan Area

Experience

Cognizant

Full Stack Engineering Manager

September 2021 - Present (4 years 2 months)

Grenoble, Auvergne-Rhône-Alpes, France

I am very happy to start my new position at Cognizant. It's a great opportunity to work on new and challenging projects. I will manage the software development activities and try to contribute to the growth of the company in Grenoble. Do not hesitate to contact me if you need support in digital engineering or cloud computing for your company.

KIT digital, Inc

Consultant and Project Manager

February 2013 - Present (12 years 9 months)

Grenoble

Pre-sales activities as technical consultant in Digital Signage activities. I'm also project manager and help our customers during the whole integration process in their IT infrastructure for both hardware and software components.

Piksel Inc.

Senior Project Manager

September 2013 - October 2021 (8 years 2 months)

C@TIS

Consultant-Trainer in IMS architecture and multimedia services

October 2006 - February 2013 (6 years 5 months)

After 17 years at HP I created my own job as consultant and Trainer in the Telecom area. I'm currently mainly focused on IMS and SIP.

Hewlett-Packard

Telecom consultant

1989 - 2006 (17 years)

Education

Ecole nationale supérieure de l'Electronique et de ses Applications
· (1986 - 1988)
